## Wilo Pumps from Germany

Wilo is a premium supplier for building services, water management and industrial applications. We make complex technologies user-friendly, simple to use, energy-efficient and high-performance. At the end of the day, the main focus of everything we do is people. We offer them outstanding products, system solutions and services. Founded in Dortmund in 1872 as a factory for Copper and Brass goods, Wilo has evolved from being a local specialist to a global player in the course of its long and successful history.

As a responsible system provider, Wilo has the whole water cycle covered with its wide range of pumps, pump accessories and services. Our application expertise extends to (Raw) water extraction from wells or water bodies, rainwater utilisation, water purification and water supply. Our portfolio also includes pressure-boosting systems. The portfolio is rounded off with pump solutions for desalination and for sprinkling in professional irrigation/agriculture.

Whether for municipal water management, industry, building services, agriculture or construction and mining, Wilo always works at finding ever more efficient and sustainable solutions for your project.
